Detail

1. S-Line Backrest

Designed to follow the spine's natural curve, the S-Line backrest offers outstanding support and comfort.

2. Contoured Armrest

The slim, curved armrests are finished with eco-friendly leather, highlighting both comfort and sophistication.

3. Knee Tilt Mechanism

The Knee Tilt mechanism allows the seat and backrest to move naturally together, reducing knee strain and ensuring lasting comfort.

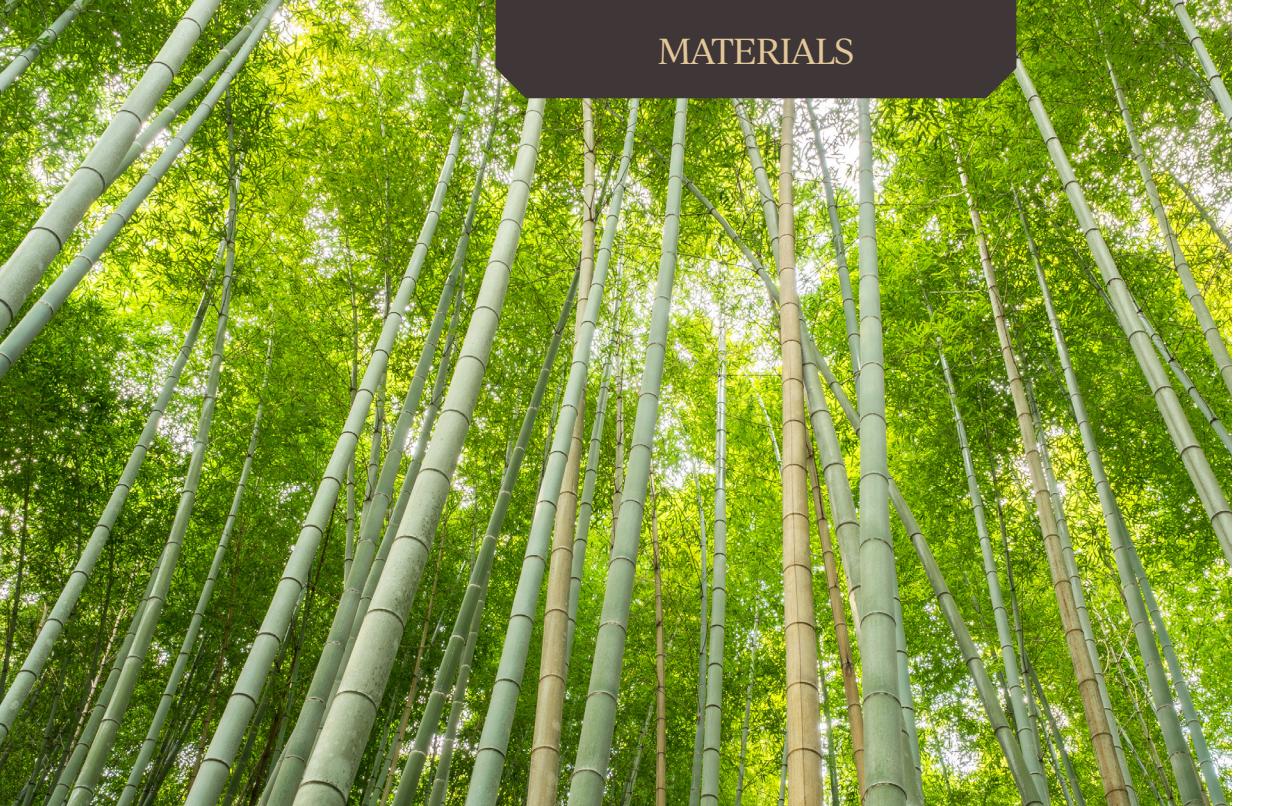

MATERIALS

Eco-Leather Crafted from Bamboo

Crafted from over 80% naturally derived leather made with bamboo fiber (BAM-P) and plant-based PLA. A material born from nature designed for a sustainable tomorrow.

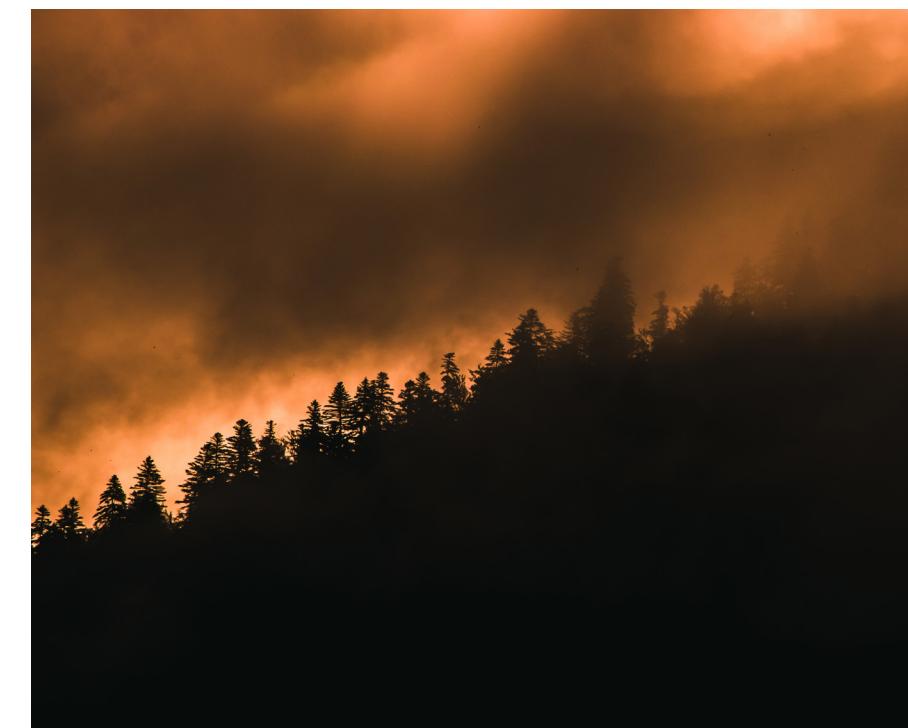

Enhanced with a flame-retardant coating, ensuring long-lasting durability and reliability.

Rebirth of Forest-Fire Wood

The wood is upcycled from forest fire-damaged trees, reborn through eco-friendly processing to restore the forest's lost beauty.

This circular approach reflects the cycle of nature and recovery, realizing ESG values through sustainable design.

Limited Edition

9,999 Chairs Worldwide where craftsmanship meets rarity.

A Single Number A Verified Edition

With each purchase, a premium authentication card featuring a limited-edition number is provided. The card carries a unique QR code engraved for each unit, granting exclusive access to a dedicated web page available only to the owner.

When the QR code is scanned, you can access a dedicated page with your product details. It shows your limited edition number and delivery status for this made-to-order item, with access reserved exclusively for the owner.
